## Q10) What session topic would you MOST like to see offered in the future?

Recruitment again with a longer segment and what the futue looks like and what is coming
More hands on training for Blackboard where we could actually DO IT.
More on Blackboard Design
active learning, motivating underprepared students, flipping the classroom
Additional recruitment/retention success stories.
More sessions like "I don't get no respect." Rick and Kathy had valuable info - we ran out of time.
Evidence of Effective Recruiting Strategies
using technology to engage students (the last blank on this form is too short - I ran out of space)
PD designed for communication and the performing arts
Cyber Security
Example activities of a flipped classroom
More flipped classroom, but longer session
More technology in the classroom
Services available to students: SSS Programs, Step, Tutoring, Student Success, Etc. maybe panel
teaching to different abilities (how to keep ALL students engaged); project-based learning ideas
There was not much for support staff. I would like to see more opportunities for support staff.
Autism 101
I Don't Get No Respect
more on classroom flipping, innovative teaching techniques, what and how of university requirements
Autism,
Respect/civility in classroom...enjoyed & got ideas...they got cut short, so more info to gain...?
I do not know right now.
More sharing and discussion on how to handle disruptive behaviors in and outside the classroom.
Other topics related to active student engagement
Student Affairs and Academic Affairs engagemenbt
Wow - only room for 1 sentence for feedback! Not even twitter feed 140
I feel that ALL sessions I attended would be of intersest to others.
Retention and enrollment.
FERPA Review, Integrative Thinking, Information on Tutoring Labs
UDL, disabilities, institutional procedures like Banner items, website design, more support staff
More topics about retention.
Each Major present information about their program. It would be nice to know what we offer
Creative online assignments
Using Blackboard for data collection and report writing
continued/advanced Blackboard instruction
How to increase cultureal literacy in all classes for students.
Approaches to Improving Campus--Community Relationships
Advanced applications of Microsoft Office or Adobe
I enjoy learning more about technology.
Campus-wide mock diaster or mass shooter drill and training

**Please provide any additional feedback regarding your experience with today's professional development event we can use to improve future events.**

5 points that we need to hear over again and again 1) be first in the potential student mind
I was on streaming and the sound was too low. It was difficult to catch what was being said.
Thank you for offering the live stream. This is how I attended the Collaborate session.
I wish it was more hands on.
send some of the material a week in advance so we can prepare (for the flip or flop) and get a .....
When doing the online version the camera man needs to zoom in on the screen when session begins.
Sessions were very good. Would like them made available online. Thank you.
Everyone provided some information that was useful.
For these active learning or flipped workshops, more than an hour is needed to scratch the surface.
I was interested in learning more but there wasn't time to ask questions
more geared to services
The Autism 101 and Respect in the Classroom presentations were great! Other sessions ran a bit over.
Make handouts available for those viewing via the web.
All of the sessions were well presented and very informative. I liked the one day format.
loved sessions, but healthier snacks, shorter lunch w/boxed meals available for purchase to network
I will try to do some of online PD offered since we got info about it from Michelle & Danny.
The session I attended re: Bb Collaborate was attended by Debbie S. and she interrupted the present
LIVE Stream worked for the sessions. Thank you!
The information given on Microaggressions was totally incorrect. Please research
Using only two rooms for back to back sessions did not allow for incidental need for more time, nor
The blackboard session had too many people telling us different information. Hard to follow
THANK YOU to all who presented at these sessions.
I really appreciated the condensed, one-day schedule and the light refreshments.
more support staff items
I thought it was all very useful and the presenters did a great job.
Not scheduling back to back sessions in same rooms with no break..no time for transition.
I like the electronic survey & request for certificates. Also appreciated the cookies & water.
Hard to hear and see at times for the live feed rm 167 Professional Development on Professional Deve
Thank you
Good stuff for FYI, but I didn't feel there was anything offered that developed me professionally.
All of the presenters that I saw did a very nice job in their presentations.
