

FINAL EXAM SCHEDULE FOR FALL 2018

Monday, December 10, 2018 – Thursday, December 13, 2018

Final examinations are given at the end of each semester. Below is the Final Examination Schedule for Fall Semester 2018 as released by Mike Gress, Assistant Provost of Curriculum and Instruction.

Students are not expected to complete more than three course final examinations on any one day. If the published schedule calls for any students to complete more than three final examinations on any one day, the student should notify their instructors *first* and then the college office of the course(s) involved. Students should report any problems no later than **Friday, December 3, 2018**.

Part I consists of a list of the typical MWF and TR class meeting times. Check for the first meeting time of the primary activity (probably lecture) of your class. For example, if you are enrolled in a **class that meets from 9-9:50AM MWF** (Monday, Wednesday & Friday) **or 9-10:50AM MTWR** (Monday, Tuesday, Wednesday, Thursday), **your final examination for that class will be Monday, December 10th at 8 a.m.** **If you are enrolled in a class that meets from 9-9:50 T/R** (Tuesday & Thursday) **your final examination for that class will be Thursday, December 13th at 8 a.m.**

Part II consists of an alpha-numeric list of the multiple-sectioned classes for which a specific examination time has been assigned for **all sections** of that particular course offering. For example, all students enrolled in **MATH 102 College Algebra will take the final exam for that course on Tuesday, December 11, 2018 at 8 a.m.**
